**Personal Reference for Mr. Graham Healy**

To whom it may concern,

We have known Graham since February 2004 at which time our son commenced the study of martial art under his instruction. Since that time Belinda has also begun study under Graham's guidance.

During this time he has earned our respect and admiration as a teacher and as a human being. Graham is a diligent teacher who always puts the welfare of his students first. He is trustworthy, honest, and reliable; consequently we did not hesitate when asked to write this reference.

Sincerely,

**Murray Paton**
