TO WHOM IT MAY CONCERN

I was introduced to Graham Healy in early August 2005 through a mutual business colleague.

Although Graham operated a thriving personal training consultancy, he was keen to involve himself in the sales and marketing of our product in Queensland – initially on a part time basis to fit in with his other business activities.

We quickly identified Graham's leadership qualities as well as his general business acumen and appointed him as a Regional Manager in Queensland.

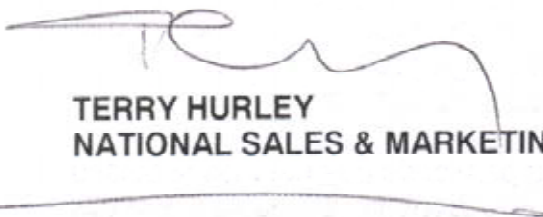

In that role he has provided our company with significant input into how we ought to progress our activities in Queensland and we see him as being an important cog in the drive to expand our business in that State.

On a personal level I have found Graham to pride himself on his personal appearance, his behaviour towards others, his physical well being, his honesty, and his forthrightness in speaking his mind.

He is a keen student of most forms of sport and physical activity, and is always freely willing to pass on his expertise in areas of personal well being to those who are in need of such assistance.

We can highly recommend Graham as an excellent business and personal colleague to anyone seeking someone with his demonstrated skills and abilities.

Yours sincerely
